

Memo for the Record

From: JPK

Subject: 14 April 1960 Meeting with Allan Ryan, OS/DOJ

1. On 14 April 1960 I met with Allan Ryan, Director, Office of Special Investigations to discuss a copy of OSC-
~~was~~ concerning the use of CIA documents in the Goodson case.
~~by the~~ ~~present~~ were besides Mr. Ryan and myself,
the meeting was attended by WEL Soren, Deputy Director /OS/,
George Lynch and Richard Sullivan, trial attorneys, OS/.
2. As discussed in letter, I stressed two points: that the
documents could not be shown to Goodson or his attorney without
the protection of /Sullivan/
a protective order, and that although we were offering the ^{use of} documents
in full but, we would welcome any opportunity to limit the ~~the~~ ~~documents~~
~~shown~~ ~~them~~, we hoped that they could be used in the Goodson case.
In regard to the ~~the~~ ^{later} OS/ expressed some little apprehension that
Goodson or his attorneys would agree to such a limitation, but did
see a possibility that the judge might agree to a protective submission.
3. Mr. Ryan asked if the use of CIA documents might lead to
the exposure of CIA operations. / ^{however} ~~however~~ that this was a danger,

but that we looked to the protective order to prevent such disclosures.

My Mr. Ryan then asked how we would deal with a ^{request} ~~claim~~

by Dobson for a history of association with CIA. / stated that

/ didn't see how ~~sure~~ that information would be relevant, but if

we went on to produce such a history, on testimony of that effect,

we could move to the facts ⁱⁿ ~~the~~ ^{enclosed} document for ^{showing} ~~use~~

under a suitable protective order.

4. The conversation then turned to the two ^{document} ~~documents~~ of recent

interest to OSI, the 1963 Operations Memorandum and the 1962

Form L-80. Mr. LYNCH expressed some uneasiness over the

circumstances surrounding our acquisition of the Operations Memorandum,

and asked how we had received it. / answered that it had been

received as an attachment to a State Department memo, but

that / was not all that certain of the particulars. Rather than

try to answer those and my other questions concerning our files, /

suggested that Mr. LYNCH again review our files for the purpose

of resolving any lingering issues. Mr. Lynch agreed to do so and

said we would call back to set a date.
